CONTAINER FREIGHT STATION

**ALL-ROUND
EXCELLENCE IN CFS**

Our state-of-the-art container freight stations (CFS) with C-TPAT and AEO certification are located at Chennai, Mumbai, Tuticorin and Pondicherry. The container freight stations offer EDI connectivity and access to customs officials on-premises for easy, hassle-free clearances.

The facilities are equipped with both storage and empty container yard

provisions with a hi-tech repairs division. The Kerry Indev container freight station is accredited by the US Customs – Trade Partnerships against terrorism as one of the authorized container freight stations lending credibility to our operations, capabilities and partnerships.

THE KERRY INDEV ADVANTAGE

- Expansive storage facilities
- Covered & open storage areas
- Empty container yard with IICL certified repair personnel
- AEO and C-TPAT accreditation

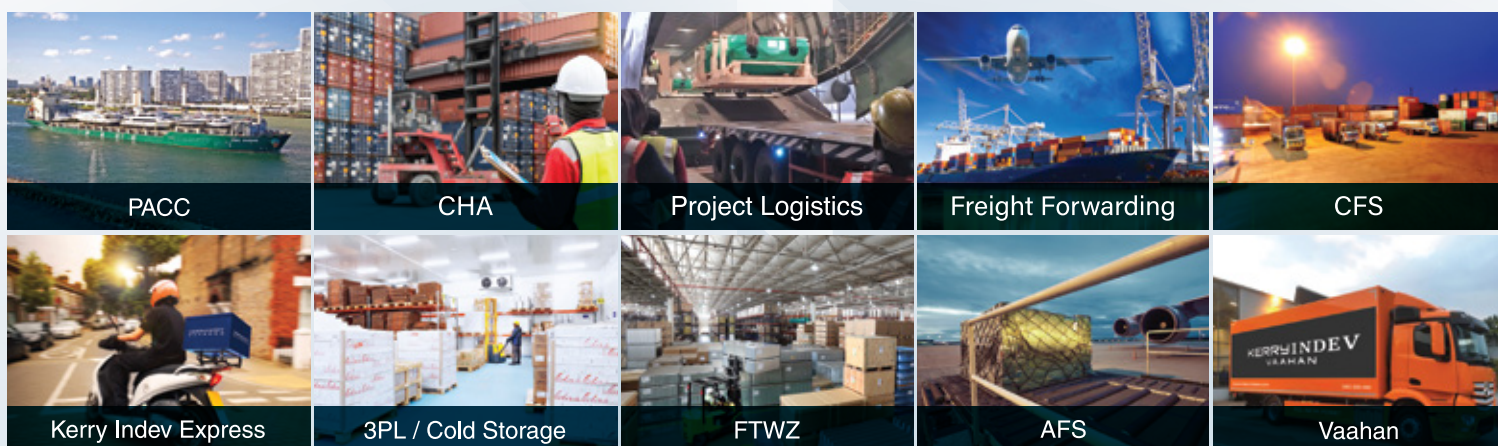

OUR STORY IN NUMBERS

It is our everyday endeavor to provide timely and world-class storage facilities for your cargo to ensure its safety and swift movement. Our container freight division is one of the foremost such facilities in the country, evidenced by the following:

- 65 acre area across India
- 2 million sq.ft. of covered warehouse
- 2 rubber tyre gantry (RPGs), reach stackers
- 15 acre empty container yard with bonded & general warehouse facility
- 3 successive years of AEO certification

While the numbers present one half of the story, hundreds of delighted customers make up the other half. We have a 3-year successive accreditation by the world's leading agencies such as AEO and C-TPAT as a validation of our expertise.
